

**REPORT/RECOMMENDATION TO THE BOARD OF SUPERVISORS
OF SAN BERNARDINO COUNTY, CALIFORNIA
AND RECORD OF ACTION**

9

April 10, 2001

FROM: KEN A. MILLER, Director
Department of Public Works - Transportation

**SUBJECT: CEQA EXEMPTION AND SPECIFICATIONS FOR THE SLURRY SEALING OF VARIOUS
ROADS IN THE MOUNTAIN AND VALLEY AREAS**

RECOMMENDATION: (1) Find the project for slurry sealing on 10 miles of various roadways in the Mountain and Valley areas is an exempt project under the California Environmental Quality Act (CEQA) Class 1, Section 15301(c) {Minor Alterations}; (2) Approve project as defined in the Notice of Exemption and direct the Clerk to post the Notice of Exemption; (3) Approve specifications for slurry sealing the various roadways in the Mountain and Valley areas; (4) Authorize the Director of Public Works to advertise for bids.

BACKGROUND INFORMATION: The existing asphalt concrete paving along various roadways in the Mountain and Valley areas is deteriorated and in need of rehabilitation consisting of crack sealing and placing of an asphalt slurry seal or asphalt overlay. In order to expedite the repairs, the rehabilitation projects consist of two phases. The first phase, brought before the Board on December 5, 2000, consists of crack sealing the roadways. The second phase, being brought before the Board today, consists of placing an asphalt slurry seal over the existing asphalt. Department staff has reviewed the roadways in the attached exhibit and has determined that they are in need of a slurry seal within the limits shown. All work will be performed within the existing right-of-way and no additional right-of-way will be required. The Land Use Services Department environmental staff has reviewed this item and recommended a categorical exemption for this project. This project qualifies for an exemption in accordance with CEQA guidelines Section 15301(c). An exempt project allows for minor repairs and alterations. As such, when the Board of Supervisors considers the environmental findings, the filing of a Notice of Exemption is required. Board approval is also required to approve specifications for bids on local agency construction projects in accordance with 20124 and 20125 of the California Public Contract Code.

REVIEW BY OTHERS: This item was reviewed by Deputy County Counsel Charles S. Scolastico on March 6, 2001 and by the County Administrative Office (Tom Forster, Administrative Analyst).

FINANCIAL IMPACT: The actions to find the project categorically exempt and authorize advertisement for bids have minimal financial impact. Upon receipt of a satisfactory bid, a recommendation of award of contract will be forwarded to the Board as a separate item. The total project cost for slurry sealing is estimated at \$190,000 which will be financed by AB2928 funds included in the fiscal year 2000/2001 Transportation budget (SAA-TRA-TRA).

SUPERVISORIAL DISTRICT(S): 2,3,4,5

PRESENTER: Ken A. Miller
